Dear friends

It is our hope that you are okay here in Mabwi!
we are all fine.

It is our pleasure to inform you our dear friends
that we had a friendly match with chengerani
(football & netball) and we won the football match. It was
because we applied the skills you taught us during
your visit.

We also had the throw and jump competition
within the school with different ~~schools~~ learners.

Under environmental sustainability we managed to sow 60 tubes of tree nursery seeds (to be planted this rain season).

The pigs are growing and we are putting much effort for the piglets to grow fast by giving them enough food.

We have missed you our dear friends, how was the Christmas and New Year. May the almighty God guide you and protect you this year till we meet.

Yours
